

HALLOWEEN

Halloween takes place on 31st of October. It's a day of the year aimed at remembering the dead and the saints.

In popular culture, the day has become a celebration of horror and the supernatural. One of the traditions is *trick or treat*. That is a tradition for kids.

Children go in costumes from house to house, asking for treats like candy or sometimes even money. Every time they ask *Trick or treat?* Most times children with best costumes get more candies.

Costumes don't need to be scary like: vampires, ghosts, skeletons, witches, and devils. Children can wear costumes like princesses, ninjas, cartoon characters or movie actors.

Some countries do not celebrate Halloween for two reasons:

1. Religion
2. Because it is not so popular in some countries
